

ACCOUNTING SERVICES

Dedicated to providing the services our clients need.

Polaris
Business Solutions

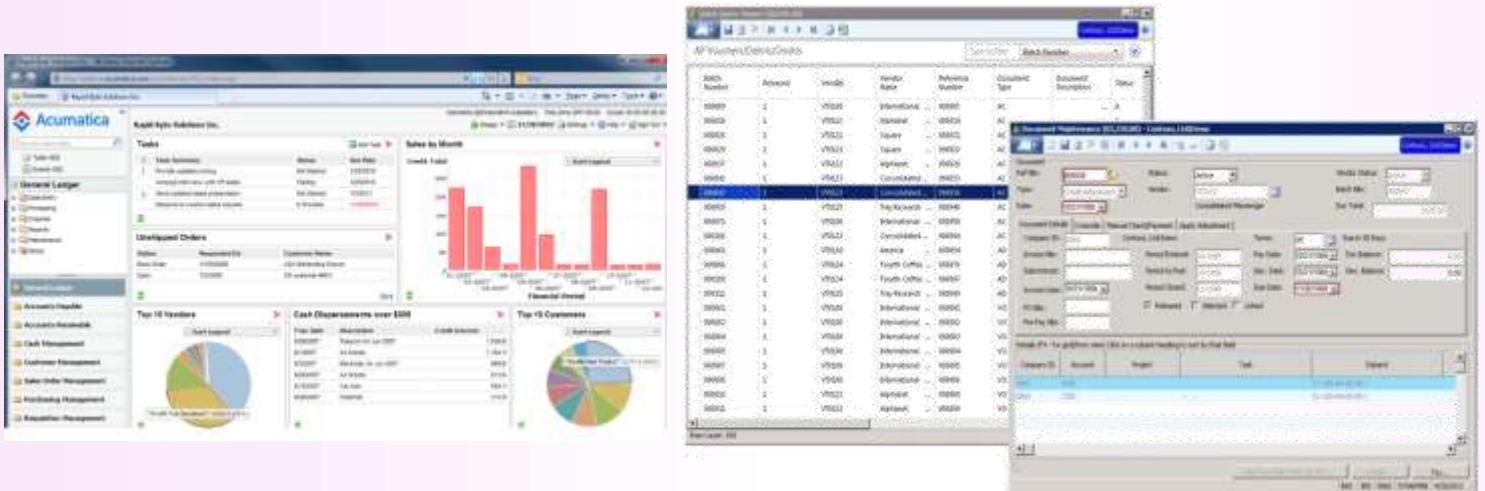

Please note: Services are offered to Microsoft Dynamics SL™ and Acumatica™ ERP users only.

At Polaris Business Solutions, we strive to offer our clients the very best in ERP consulting services. As experts in **Microsoft Dynamics SL™** and **Acumatica™**, we provide services from installation and implementation to training and on-going support. The purpose of financial and business management systems is to improve the productivity of an organization and make life easier, not more difficult. We would like to take that one step further...

Any successful ERP system begins and ends with solid accounting functionality and proper user experience. From covering daily AP, AR, and invoicing needs, to financial preparation, **Polaris Business Solutions** delivers assistance to companies needing an extra hand with their new or existing accounting system. We are committed to providing our clients with professional, tailored services and direction in a variety of different accounting situations...

- Did your accountant leave and you are stuck not knowing how to pick up the pieces?
- Is your company growing and you need additional help?
- Are you interested in outsourcing/automating specific accounting tasks?
- Are you concerned about fraud due to lack of segregation of duties?

Whether it's temporary or continuous help that is needed, our goal is assist clients in sustaining proficient accounting practices to better run their businesses.

We strive to bring our clients comfort in knowing that their accounting is being done **efficiently and professionally.**

We offer many different levels of engagement that will address roles, responsibilities and processes and ensure your organization is receiving the maximum return on investment.
